Girls Incorporated
of Alameda County

Girls Incorporated of Alameda County inspires girls from underserved communities to reach their potential and become role models for the next generation. Our proven programs for girls K-12 cover every aspect of development. Girls improve their study habits, sharpen their intellectual curiosity, find their voice and learn to "take positive risks". They uncover their aptitude for math and science and hone their computer skills.

Our school-based programs also promote healthy lifestyles and cover critical health issues in age-appropriate ways. If a girl needs help, our Pathways Counseling Center is there for her and her family.

We make it fun for every girl to grow **strong, smart** and **bold**.

smartbold

As a Eureka! teen, you will:

- ◆ Get excited about math, science and technology
- ◆ Make new friends and experience sisterhood
- ◆ Play sports and swim
- ◆ Gain leadership skills
- ◆ Learn about green architecture and engineering innovations
- ◆ Go on weekly field trips
- ◆ Develop the “Eureka! I can do it!” attitude
- ◆ Get a taste of college life
- ◆ Exercise your mind and body
- ◆ Discover your strengths and capabilities
- ◆ Earn the chance to be placed at a paid internship in your 3rd and 4th summers
- ◆ Wish that your Eureka! summer would never end

EUPEKA!

Girls Incorporated invites girls from Alameda County to experience mathematics, computers, science, engineering, team sports, and swimming in an all-girl environment on an Oakland college campus!

A Typical Eureka! Summer Day

9 am-12 noon: Look through a microscope to see living cells in your model earth during innovaTE³ class, learn how science and math can be fun, or play flag football with your Eureka! sisters.

12 noon-12:30 pm: Eat lunch with your friends.

12:30-3:30 pm: Take a swimming lesson, experiment with ice to simulate global warming, practice techniques in self-defense, or experiment with solar power.

3:30-4:30 pm: Listen to guest speakers talk about their careers as doctors or entrepreneurs, learn about healthy life choices and your body.

eu-re-ka: the Greek word for the moment of triumph upon discovering something.

InnovaTE³ Summer & School Year

Eureka's technology class is called InnovaTE³. It is an opportunity for girls to **Innovate** with **Technology** as **Entrepreneurial Environmental Engineers**. During the summer and school year, Girls:

- ◆ Experiment with electricity and solar panels
- ◆ Design an Eco-friendly building
- ◆ Create a 3D model of your designs on the computer
- ◆ Brainstorm and test ideas that help the environment
- ◆ Present their projects and ideas
- ◆ Go on fieldtrips like Eco-house tours; Green Festivals, and Urban gardens
